Department of Financial Services

Jeevandeep Building, 3rd Floor, Sansad Marg,
New Delhi, Dated the 31st October, 2014

To

1. Chairman/ CMDs of all Public Sector Banks
2. Chairman, NPCI
3. CEO, IBA (for circulating among Private Sector Banks)

Subject: Re-launch of Modified Direct Benefit Transfer for LPG Consumers (DBTL) Scheme - Seeding of Aadhaar number in bank accounts- reg.

Sir(s)/ Madam(s),

Please to refer to this Department's letter of even number dated 29.10.2014 regarding re-launch of DBTL in 54 districts from 15.11.2014 and in the entire country from 01.01.2015.

2. As was done last time, banks are requested to consider the following alternate modes for seeding of Aadhaar number in bank accounts particularly in the 54 districts, for the smooth re- launch of the modified DBTL:-

(i) Use call centres to advise, through pre-recorded messages, customers to get the Aadhaar number seeded in bank accounts.

(ii) Since a large number of customers have their mobile phones registered with banks or are registered for internet banking facilities, develop applications for collection of Aadhaar from such customers through SMS or electronic methods. Bulk SMS or e-mails can also be sent to such customers advising them to get their Aadhaar seeded into bank account.

(iii) Enable large ATM network of banks to advise customers to seed Aadhaar and to make request for seeding of Aadhaar number which will be reliable as the customer would have been authenticated using ATM card and PIN.

(iv) Develop IVRS application which can be used by the customers to send request for seeding of Aadhaar into the bank accounts.

3. Banks can also use Remote Aadhaar Seeding Framework (RASf), developed by UIDAI, (<https://rasf.uidai.gov.in>) to access and verify the Aadhaar details on line and seed Aadhaar into bank account details.

4. In this regard, it is also requested to ensure completion of the test of the cash transfer mechanism through Aadhaar Payment Bridge and alternatively directly into the bank account by 01.11.2014.

Yours faithfully,
